

NORTHEASTERN PENNSYLVANIA

MONTROSE.

Special to the Scranton Tribune. Montrose, Nov. 30.—An attempt was made to burglarize the residence of Dr. E. E. Tower, on South Main street, at about 3 o'clock this morning. The doctor was not at home, but the would-be intruders made sufficient noise in trying to effect an entrance to arouse Mrs. Tower and her son Eugene, a boy in his teens, and the latter secured a revolver and courageously opened battle by sending a bullet in the direction indicated by the sound; as the night was intensely dark, the forms of the scoundrels were not visible. The men were evidently not prepared for so warm a reception and they took to their heels at the first shot. No trace of them has since been found, though it is reported that parties, undoubtedly the same, were prowling about other premises in the same neighborhood earlier in the evening.

The regular monthly union meeting of the congregations of the Methodist Presbyterian and Baptist churches will be held on next Sunday evening at the Baptist church, Rev. E. K. Thomas officiating. THE MARKETS.

Wall Street Review. New York, Nov. 30.—There was a large business done in stocks again today, but the activity was not well maintained throughout the session. The influence of the midweek interruption of Thanksgiving was still manifest today. There was much closing up of accounts on Wednesday and there was a general disposition to reopen them today for a day and a half of trading. With the exception of some continued large buying in some quarters of the railroad list the trading was therefore rather languid, especially during the latter part of the day. A firm tendency of the money market and a rise in the call rate were also influences towards depressing activity. In the railroad list stocks of southern and southwestern railroads were notably firm, led by Chesapeake and Ohio, which got up 2 1/2 cents and closed at the top. The Chicago and Alton stocks rose strongly. The tobacco stocks were weak on the withdrawal of important interests. Pacific Mail reacted 3/4. The American Smelting stocks were weak early on an alleged project to organize an opposition, but they rallied strongly and closed with good net gains. The downward course of amalgamated copper was checked after an early decline and the stock has a net gain on the day. The steel stocks were rather neglected all day and they closed unchanged. Total sales, 682,700 shares. The bond market was active and strong, with a notable demand for Kansas and Texas St. Louis and Southwestern, Southern Pacific, Union Pacific, Atchafson and Reading issues. Total sales, 1,000,000. United States refunding 2s and the 5s registered declined 1/4, and the new 4s advanced 1/4 per cent. on the last call.
